SSP Fellows 2011 Application Now Open!

The SSP Fellows 2011 application period is now open. This is your chance to be one of ten high school teachers competitively selected from across the country.

The SSP Fellows program, with generous support from Intel, provides teachers financial and training resources to support and inspire the success of their most enthusiastic science students. SSP Fellows guide students to produce project-based research of the highest quality, such as is selected for SSP's premiere science competition, the Intel Science Talent Search.

The 2009 SSP Fellows during the Fellows Institute

The 2011 SSP Fellows will each receive \$8,500, which is renewable annually for up to four years, as well as training and resources to start a high quality scientific research program in their schools. Included in that training is a one week fully paid trip to attend the SSP Fellows Institute in Washington, DC worth two graduate credits.
