February 1, 2021

Dear Science Olympiad State Champions:

Congratulations! Because of your team's outstanding performance in your State Science Olympiad Tournament, you are invited to represent your state at the all-remote Science Olympiad National Tournament, presented in partnership with Arizona State University. In addition to Competition Day on Saturday, May 22, 2021, we'll be hosting a Tournament Week preceding the event, filled with exciting activities, a virtual STEM Expo and opportunities for awards, scholarships and prizes.

- To accept this invitation, please complete the [2021 Invitation Acceptance Form](#) online. You are asked to accept this invitation no later than 10 days after receipt of the electronic copy of this letter. If you are unable to or do not accept this invitation within 10 days, it will be extended to the next place team
- Upon acceptance of this invitation you will be receiving an email from our office with instructions on how to complete your team's registration
- Due to the ongoing COVID-19 pandemic, this tournament will be conducted remotely under the miniSO format. Find a listing of the events, their planned formats, and a competition schedule [posted here](#)
- The National Tournament Team Numbers will be posted on Science Olympiad's [2021 National Tournament](#) page by April 1st. If two teams within your Division advance from your state, the first-place team will use the lower number
- Please bookmark both the Science Olympiad [2021 National Tournament](#) page and the Arizona State University [National Tournament](#) page for Tournament Week, Ceremony and Competition Day news

On behalf of the Science Olympiad Executive Board, I want to congratulate you on your success. This has been a particularly challenging year, and we admire your team's spirit and willingness to adapt. We look forward to your participation in our first-ever remote Science Olympiad National Tournament!

Regards,

Jennifer Kopach
