Mr. Gerald Dalton, Principal
Community Middle School
55 Grovers Mill Road
Plainsboro, NJ 08536

Dear Mr. Dalton:

It is with great honor that I acknowledge the outstanding achievement of Community Middle School's Science Olympiad team, coached by Mr. Kyle Schimpf. It is encouraging to see young scholars fostering our nation's future in the field of science.

Organizations like Science Olympiad play a critical role in encouraging our nation's students to be excited about a variety of subjects, including chemistry, physics, biology, anatomy, engineering, and technology. Science Olympiad along with its partners has produced a successful model for inspiring our nation's top science, technology, engineering and math (STEM) students. This year, Community Middle School represented New Jersey well in the Science Olympiad, finishing in 13th place overall, and receiving four medals including a gold medal for the anatomy portion of the tournament. With 6,800 teams nationwide, this is truly a remarkable achievement.

Once again, congratulations to your students for their outstanding performance and pursuit of excellence in STEM.

Sincerely,

FRL:cmo/pp
