Mr. Dennis Leopold, Principal
West Windsor-Plainsboro High School South
346 Clarksville Road
West Windsor Township, NJ 08550

Dear Mr. Leopold:

It is with great honor that I acknowledge the outstanding achievement of West Windsor-Plainsboro High School South's Science Olympiad team, coached by Ms. Meenakshi Bhattacharya. It is encouraging to see young scholars fostering our nation's future in the field of science.

Organizations like Science Olympiad play a critical role in encouraging our nation's students to be excited about a variety of subjects, including chemistry, physics, biology, anatomy, engineering, and technology. Science Olympiad along with its partners has produced a successful model for inspiring our nation's top science, technology, engineering and math (STEM) students. This year, West Windsor-Plainsboro High School South represented New Jersey well in the Science Olympiad, finishing in 12th place overall, and receiving five medals including a gold medal for the anatomy portion of the tournament. With 6,800 teams nationwide, this is truly a remarkable achievement.

Once again, congratulations to your students for their outstanding performance and pursuit of excellence in STEM.

Sincerely,

FRL:cmo/pp
