March 1, 2017

Dear Science Olympiad State Champions:

Congratulations! Because of your team's outstanding performance at your State Science Olympiad Tournament, you are invited to represent your state at the Science Olympiad National Tournament hosted by Wright State University, in Dayton, Ohio on May 19-20, 2017.

You and your team are to be commended for your outstanding achievement and your commitment to excellence in science, technology, engineering, and mathematics (STEM) education. We wish you good luck at the Science Olympiad National Tournament and we are confident that you'll enjoy the competition and all of the related ceremonies and activities!

- To accept this invitation, please complete our online Bid Acceptance Form at <https://goo.gl/forms/61u53MJJuPewiaZ43>.
- You are required to accept this invitation no later than 10 days after your state tournament (for late April or May tournaments, you will have until May 5th). If you are unwilling or unable to or don't accept this invitation within 10 days, it will be extended to 2nd or 3rd place teams.
- After accepting your bid, you will be receiving an email before April 1st from Wright State University containing additional instructions on how to register for the National Tournament.
- In order to enter your Team Roster, you will need your Team Number, which will be posted around April 1st at www.soinc.org/2017-national-tournament. If two teams within your Division advanced from your state, the first-place team will use the lower number.
- You will need to submit the Science Olympiad Final Team Registration Form, completed and signed by the school's principal and head coach, when you register your team at the Science Olympiad National Tournament registration in May.

The proposed event schedules and other tournament, hotel and transportation information can be found at the Wright State University tournament website.

On behalf of the Science Olympiad Executive Board, I want to congratulate you on your team's success. We look forward to seeing you in May.

Regards,

Dr. Gerard J. Putz
President & Co-Founder
Science Olympiad
