

## SECONDARY SCIENCE OLYMPIAD SUMMER INSTITUTE

[POINTE HILTON CONFERENCE CENTER](#) – 11111 North 7<sup>th</sup> St, Phoenix, Arizona 85020

3pm Monday, July 13 to 11am Friday, July 17, 2020

Join your colleagues to get the most up-to-date information and in-depth explanations about the 46 Division B and Division C events for the 2021 season from Science Olympiad National Rules Committee Chairs and top National Event Supervisors. Share ideas and best practices with an exciting mix of veteran and novice coaches from around the United States while you participate in sessions that focus on *you* as the Science Olympiad coach: learn new ways to structure your practices, how to develop achievable goals, and how to maximize fundraising opportunities for your team. Come see why **97%** of this past year's attendees said that they would recommend the Summer Institute to other coaches:

- *"This was my first institute and I loved it! The presenters were absolutely fabulous, and I enjoyed the hands-on activities and the discussions with other coaches."*
- *"I loved the hands-on opportunities provided in the sessions. Some of the techniques were brand-new to me, so the personal practice and guidance were invaluable! I've gained many new resources and ideas for my own classroom as well as for my Science Olympiad students. I plan to return next year!"*
- *"The human resources were the most helpful. I liked the enthusiastic and friendly participants; they were inspiring. I saw competitiveness, but it was in the spirit of bringing out the best in everyone."*

Educators are eligible to apply for Title II Teacher Quality program funds by contacting their school district, principal or science/curriculum administrator. Attendees may also obtain two (2) hours of Graduate Level Professional Development Credit from the University of the Pacific, Course PEDD 9032 - Integrated Science for an additional fee – [separate sign-up required](#).
