

Science Olympiad Virtual Summer Institute

July 12 - 16, 2021
Live Program Agenda

Attendees will have access to 35 on-demand courses with videos & materials discussing each of the events prior to the live sessions via the Easy-LMS platform. Where appropriate, recordings of the live sessions will be added to those courses and made available the day following the session.

All live sessions last 30 minutes, with a five minute "passing period" to allow participants to log on to the next Zoom session. Zoom links for each session are posted within the Easy-LMS platform. Text in bold represents new events or activities. B indicates a Division B Middle School Event. C indicates a Division C High School Event. Stars indicate sessions focused on coaching. If multiple sessions are offered during a half-hour time slot, **attendees must pick one session** to attend live. During the Breakout Session from 12:15-1:00 PM, participants will be able to ask additional questions of the presenters and network with other coaches.

All times listed are Central Time.
