Bold Text = New events

* = Coaching session

Attendees will have access to 35 on-demand courses with videos & materials discussing each of the events prior to the live sessions via the Zoom Events platform. Where appropriate, recordings of the live sessions will be added and made available for later viewing.

All live sessions last 30 minutes, with a five minute "passing period" to allow participants to log on to the next session. Links for each session are posted within Zoom Events. Text in bold represents new events or activities. B indicates a Division B Middle School Event. C indicates a Division C High School Event. B/C represents an event which is in both Divisions. Stars indicate sessions focused on coaching. If multiple sessions are offered during a half-hour time slot, attendees must pick **one session** to attend live. During the Breakout Session from 12:15-1:00 PM, participants will be able to ask additional questions of the presenters and network with other coaches.

Exploring the World of Science
