Science Olympiad’s Division A (Grades K-6) allows students, teachers and families an opportunity to explore the world of STEM in classroom, club, community or competitive settings. Signature Science Olympiad events like Mystery Powders, Gummi Bear Long Jump, Straw Towers, Metric Mastery and Don’t Bug Me bring core science concepts to life using everyday materials. Designed to be inclusive, welcoming and accessible to novice learners and educators, the Common Core and Next Generation Science Standards-aligned Elementary Science Olympiad curriculum will fit the needs of any school, after-school program or library.

There are competitive Division A Science Olympiad teams in 12 states.

The average per-student cost for materials and supplies of an Elementary Science Olympiad community event is LESS THAN TWO DOLLARS.

There are elementary schools hosting PTA, community or school-organized Fun Day, Fun Night or Competitive Tournaments in the US.
For the 2019-2020 tournament year, Science Olympiad is privileged to have sponsors who are true partners in our mission. Each of the corporations, associations and groups listed below have a vested interest in improving the quality of K-12 STEM education.
