

Save Time with Ward's Science Olympiad Kits

The **ONLY** Kits Officially Licensed and Approved by Science Olympiad

Mouse Trap Vehicle Kit

- Save time and money with pre-prepped kits and materials to match official events
- Materials sourced and assembled in the sizes and quantities you need, so you don't have to search
- Kits developed in collaboration with Science Olympiad Event Supervisors—from designing instructions to building templates and selecting kit components
- Perfect for building sessions at workshops and easy setup at tournaments

SCIENCE OLYMPIAD KITS

The Only Kits Officially Licensed by Science Olympiad

Coach your team with confidence with high-quality materials prepared by Ward's Science experts and thoroughly reviewed and approved by Science Olympiad.

Built to Match Official Events

Each kit has been evaluated against the official Science Olympiad Rules Manual and includes all required materials for official events.

Save Time and Money

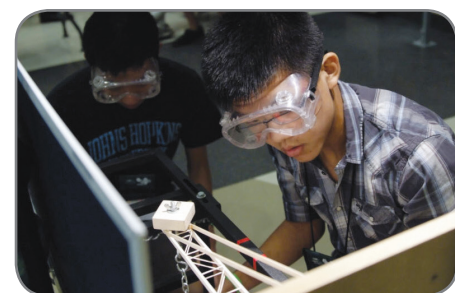

We've taken the time to locate and organize all the materials you need at the lowest price, so you don't have to.

Give Students Realistic Practice

Because we provide materials to match event rules and requirements, students get hands-on practice that's accurate, realistic, and repeatable at the real event.

Elastic Launch Glider Kit

Boomilever Kit

Fossils Kit

Wright Stuff Kit
